

K-LOVE literally saved my life in October 2001.
I was suicidal at this time and the message that I heard on
this radio station over and over
prevented me from taking my own life.
There are millions who listen to this broadcast
daily and it is essential that LPFM not take over any
of these type of stations. There are a lot more stations
not concerned about morality and free to speak however
they want. The stations that produce little to no positive
moral impact on how our society acts are plentiful. There
are very few listener supported radio stations with no
commercial interruption to send a positive and hopeful message
to those who need it most. Please do not allow LPFM to take
over any K-Love station. I support K-Love financially
and spiritually. Thank you for taking time to read my comments.
